

Neutra Quat

Neutral All-Purpose Cleaner
And Disinfectant

10

Description:

This gentle concentrated cleaner cleans and disinfects in one step. It kills germs but will not dull finished floors. It is designed for regular damp mopping of floors finished with natural wax or synthetic finishes. It features a combination of powerful surfactants that lift away and remove dirt, grease and other soils without leaving behind a dulling film ... even without rinsing. It is ideal for everyday cleaning because its' neutral pH assures that finishes are not dulled or damaged. It is also biodegradable and does not contain any phosphates. **Neutra-Quat** is a premium neutral cleaner that is safe to be used on any surface not harmed by water alone. This neutral multi-purpose has cleaning power as well as a refreshing clean scent.

Properties:

Form: Liquid

Fragrance: Melon Mint

Appearance: Pink

- ◆ Safe – Neutral pH will not harm any surface not harmed by water alone.
- ◆ Great for mopping floors.
- ◆ Superior wetting agents.
- ◆ Leaves floors bright and shiny.

Directions:

FOR INDUSTRIAL USE ONLY MIX ONLY WITH WATER

Directions:

1. For regular damp mopping to remove daily soiling, dilute 1:40 of Neutra-Quat
2. For very light soiling, use up to a 1:100 solution. At these dilution rates, the floor will not require rinsing.
3. For difficult stains and greasy dirt, dilute 1:20 of hot water. Scrub with a soft pad or sponge as necessary to remove stubborn stains. Mop up soiled detergent solution and rinse floor thoroughly with clean water.

Use On Floors With Natural Wax Or Synthetic Finishes:

- | | | |
|------------|------------|------------|
| ◆ Tile | ◆ Hardwood | ◆ Bamboo |
| ◆ Vinyl | ◆ Marble | ◆ Ceramic |
| ◆ Linoleum | ◆ Stone | ◆ Terrazzo |
