

**Description:**

Window Wash is a concentrated window cleaner for maximum dilution and economy.

Properties:

Form:	Liquid	◆ Economical.
Fragrance:	Spearmint	◆ Non-Streaking.
Appearance:	Blue	◆ Versatile.
		◆ No Ammonia Odor.

Directions:

1. Prepare solution by adding a 3 oz of concentrate to one gallon of water. Can also be dispensed through a proportioner preset to mix.
2. Clean surrounding framework first to prevent later spreading of soils to glass.
3. Apply solution to surface as a damp spray, or with a brush, cloth, or sponge.

To Clean with a Squeegee

Wipe CONCENTRATED GLASS CLEANER from glass, using a series of overlapping passes with squeegee blade, working from top to bottom.

Effective	Quickly penetrates and removes finger prints, soil, smudges, dust, scum, surface smears.
Economical	Dilutes 3 ounces to 1 gallon of water. Can be diluted as much as 40 to 1 with water through any automated dispensing systems.
Non streaking	Dries quickly, leaves no residue to streak cleaned surface or accelerate resoiling.
Plexiglas cleaner	Can be used effectively to clean Plexiglas surfaces.
Light duty cleaner	For all surfaces unharmed by water including Formica, stainless steel, chrome, enamel, ceramic tile, vinyl.
No ammonia odor	Ideal for use in health care facilities or wherever the odor of ammonia is undesirable. Imparts pleasant rose fragrance.
